Predictive AOL:

NYC will be the target of an unexpected terrorist attack (by air and ground) by Qaddafi led private forces timed to coincide with Libya's participation in <sup>the</sup> July celebrations (early morning). Because of the numbers of people in attendance (American + foreign) and the claimed courage, there will be international repercussions directed at Libya, including Soviet and 3rd country.

Regan will survive.

Washington will also be a target simultaneously, with primary targets the White House ("I have no home") and the Pentagon (responsible for carrying out Regan's orders to attack Libya 15 April). This one is more to disrupt rather than retaliate with killing.

(Done - this feeling was so strong yesterday on the way home, I almost tried to catch your attention on 295, asked Jim to go to the Beach Thursday night (which I later retreated) and almost called Jim's daughter in NYC to encourage her to go to ~~participate in the~~ <sup>participate in</sup> official celebrations in NYC.) ((It is just too late to do all of the ~~participate in~~ <sup>participate in</sup>))
